Sir,

I have the honour to state that the building at Hassan known as the "Anderson's Bungalow" is a covered building forming the Government quarters of the Superintendent of Police. This building, as it is is quite unsuited for a family residence

the western portion of the building has been in a defective state of repair The stables and outhouses attached to the building are very old and not fit for occupation, being besides ill-ventilated. The building being situate in close proximity to the High school, the shouts and clappings of the School boys so to render the building inconvenient for habetation The mango and other trees overhanging within a small compound have also rendered the place somewhat dark. With such disadvantages, the several officers who occupies the Building have felt it to be quite unsuited for residence, and have preferred to occupy the municipal office building which being situate at the very entrance into the Town in a locality commanding wider convenience is in a highly advantageous position Regard being

being had chiefly to the convenience
of the officers of the station it has
been proposed to take over perma-
nently the Anderson's Bungalow in exchange
for the municipal office building and
to adopt the former to accommodate
the municipal office and serve as a municipal
ware-house. The
Chief Engineer in Mysore has also been
addressed intimating the proposed
exchange and he seems to have no
objection to the same Various im-
provements have been made in the
municipal office building from time
to time the present value of which
may be Estimated at Rs 4500/ and
thus it affords all possible con-
venience to the officers that may
occupy it.

2. Under these circumstances
I request that you will be so good
as to obtain the sanction of
Government for the Anderson's Bungalow
being taken up in exchange for

for the Municipal office building,
to which the Town Municipal Board
has no objection.
